Newsletter 04

2nd October 2020

Important Dates

This Week...

Hi

This week's newsletter is a short and sweet one, mostly with achievements and a few pieces for information.

The children have continued to work hard and impress us all. I have been involved in meetings with teachers this week to discuss the children and next steps, and I have to say that the information that has come to me about how well classes and individuals have settled and are working, is exceptionally pleasing.

We are currently working on ways to have remote parents evenings with you all, which will be via phone calls and will hopefully be in the week before half term. As soon as we have finalised teacher diaries, we will let you know the links to book the appointments.

I wish you all a wonderful weekend with lots of fun and rest.

Mrs Munday

Please remember to notify us of all changes in your contact information or changes to your personal circumstances. This ensures we have the most up to date information for your child and can contact you if necessary.

Please telephone or email the school office with your changes.

Awards and Celebrations....

Well Done

A huge congratulations to Kadie and Laura from Blue Class, who received certificates yesterday for completing activities for Wisbech Reads.

Well done Oscar in Yellow Class who was awarded 'Player of the Month' for September from March Soccer School.

Well done....

Ollie from Purple class won player of the season for his rugby on Sunday. He plays at Wisbech Rugby Club in the under 8's, he has worked so hard. Good job Ollie

School Matters!

Attendance

Our attendance figures for the week ending Friday 25th September are as follows:

House Points

1st	Combines
2nd	Robots
3rd	Windmills

Flu Immunisation Programme

Please see attached NHS poster which highlights the importance of the flu vaccine for children. The School Immunisation Team are carrying out the Flu Nasal Immunisations in school on **13th October** and have extended the closure of the portal to accept or decline until the 6th October, therefore if you have not already used the portal please use this link: <https://tinyurl.com/y993xtht>

The portal will now close on **6th October 2020**.

Stay Well Promotion

Protecting your child against flu

Flu vaccination is one of the most effective interventions to reduce harm from flu. Talk to your GP, practice nurse or your child's school nurse if you want more information about when and how your child will be vaccinated against flu.

With COVID-19 circulating it is more important than ever to ensure your children take their free flu vaccine.

Flu can be a very unpleasant illness for children with potentially serious complications, including bronchitis and pneumonia. The children's flu vaccine is offered annually as a nasal spray in September/October to protect young children against flu.

Which children will receive the free flu vaccine this year?

In the autumn/winter of 2020-21, the vaccine will be available free on the NHS for eligible children, including:

- Children aged two or three years old (on 31 August of current flu season)
- All primary school-aged children
- All year 7 secondary school-aged children
- Children with a health condition that puts them at greater risk from flu
- Children who live with someone who is on the NHS Shielded Patient List

Who will give the children's flu vaccination?

- Children aged two and three years old will be given the flu vaccine by their GP surgery.
- School aged children will be given the vaccine by a nurse in the school or in a community setting.
- Children aged six months – two years old who are at high risk from flu will be given the vaccine at their GP surgery.
- Children aged two - 17 with long term health conditions will receive the flu jab from their school nurse or GP surgery.

reasons to vaccinate your child

- 1. Protect your child.** The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia
- 2. Protect you, your family & friends.** Vaccinating your child will help protect more vulnerable family and friends
- 3. No injection needed.** The nasal spray is painless and easy to have
- 4. It's better than having flu.** The nasal spray helps protect against flu, has been given to millions of children worldwide and has an excellent safety record
- 5. Avoid costs.** If your child gets flu, you may have to take time off work or arrange alternative childcare

What should I do?

Contact your child's GP if your child was aged two or three years old (on the 31 August of the current flu season) and you haven't heard from them by early November.

If your child is at primary school or in year 7 of secondary school, please complete the online/paper consent form that your school will send. If your child has a health condition that puts them at greater risk from flu, or lives with someone on the NHS Shielded Patient List, they are also eligible for the flu vaccine.

flu: 5
