

Red class homework!

Due Wednesday 2nd December

Please make sure you are reading to an adult every night or as often as possible.

1. We have been continuing our learning on shapes in Maths this week. Have a go at making repeated patterns with shapes. You could draw round objects at home to make a pattern with 2D shapes or use 3D objects like lego bricks, blocks or beads to make a pattern. **Challenge: Can you include different colours and shapes in your pattern.**
2. In English we have started a new topic on letters. This week we read a book called 'Dear Mr Blueberry' about a little girl who writes letters to her teacher about the whale that appears in her pond. Write a letter to someone you care about. You could even help to put the stamp on the envelope and post it in a post box! Don't forget to include some questions for them.
3. Here are some year 1 tricky spellings to practice. Can you read the words aloud? Can you find them in your reading book? **Challenge: Cover the word and write it in the next box.**
