

RED CLASS

AUTUMN A 2023

In mathematics, we have been looking at the place value of numbers to 10. The children have been reading, writing, building and comparing these numbers. They have learnt the greater than, less than and equal to symbols and have been using these to compare numbers.

In geography, we have been looking at the continents of the world. We have been looking at the names of the continents and their location within planet Earth.

In RE, the children have been learning about Jesus and his teachings. The children have enjoyed listening to different Christian stories such as 'Feeding the Five Thousand' and 'The Wise Man and the Foolish Man'. The children made models to show the wise man's house.

Red Class have been working incredibly hard on their phonics and writing this half term. They have embraced the new phonics scheme which we are using and enjoy taking part in regular guided reading activities.

In writing, the children have had the opportunity to explore a new writing area with lots of different media for them to choose from for their writing. Some have even enjoyed using clipboards and doing their writing on the carpet.
