Week 7

Welcome to this week's newsletter. This half term has flown by and children have given their all to the start of a new school year, with their hard work and engagement.

I have seen such a variety of brilliant work and heard amazing feedback from teachers about attitudes to learning and determination to improve work.

Our new children, particularly the new Reception children, have settled in well and are embracing the beginning of their school journey.

Next half term, teachers will be planning many more wonderful learning experiences for your children and we look forward to sharing them with you.

Could you please ensure that coats and uniform are clearly labelled with your child's name as we are beginning to get a large number of unlabelled items in the lost property again. Half term is a good opportunity to check that any names that have been written on in pen, have been washed off.

I hope that you all have a wonderful half-term break and time to relax with friends and family.

Mrs Munday (Headteacher)

OUR SCHOOL WEBSITE

<https://www.beaupreprimary.co.uk>

Exciting news! We have been working very hard with updating our school website.

MEET OUR TEACHERS

(Our School / School staff / Meet our Teachers)

We have updated our staff page. Now you can read interesting facts about your Class Teachers including their hobbies and background. This is a great page to look at when transitioning into new classes to help familiarise yourself with new teachers and will also help you to get to know us a little bit more. We may find we have similar interests and hobbies. This page will also be read by new candidates when we are advertising for new staff, so that they can get a better feel for the school and to help them to decide if they would fit into our school team etc. Our Governors and other outside agencies will also find this page useful. Go and take a look!

WONDERWALL

(Our School / Wonderwall)

We now have a Wonderwall page. This is where every class will celebrate everything that has been enjoyed and achieved each half term. You can read about which topics the children have been covering, all of our engaging activities and understand a little bit more about what we have been learning. Autumn A's Blogs are live so go and see all of the exciting things that we have been doing. Teachers will update this at the end of every half term.

OUTSIDE AREA

(Our School / Outdoor Areas)

We are so privileged to have such an amazing outdoor space that we wanted to celebrate it. Take a peek to see some really fun play happening and to see every aspect of our wonderful outdoor area.

OUTSIDE OF SCHOOL ACHIEVEMENTS

(Our school / Gallery / Outside achievements)

Learning doesn't just stop at the school gates. Many of our pupils achieve lots of excellent things outside of school. This page celebrates just that. All of our achievements in clubs and groups outside of school. Take a peek at what some of us have been up to.

If your child has achieved something that they are proud of please let us know! We add our children's outside achievements to the newsletter each week and to our gallery each term. Please contact the office to let us know about your child's outside of school achievements.

NEWSLETTER

(Parents / News and Events)

Please be reminded that we put all of our newsletters on the website for everyone to read. Our weekly newsletters contain lots of important information including key dates, information about your child's learning and important news etc. Please keep a close eye on these to keep updated with all things Beaupre! We also have a paper copy available each week in the foyer.

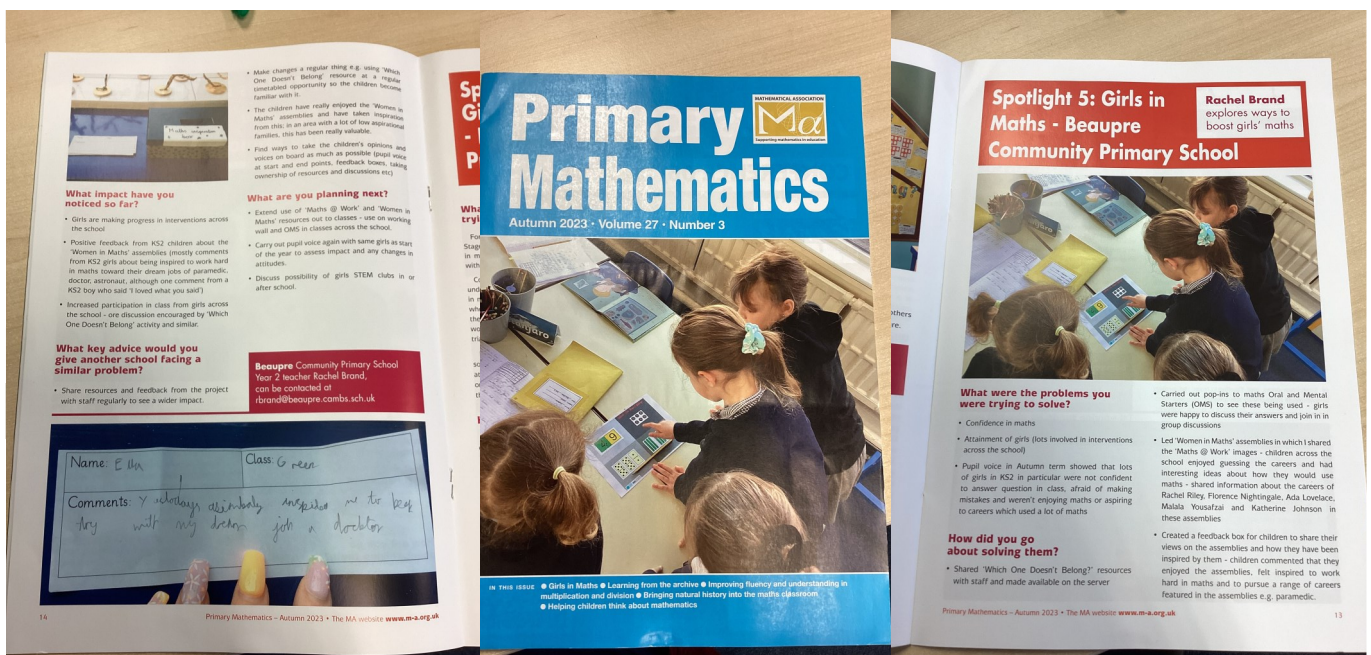

Congratulations!

Congratulations to Miss Brand, who will be getting married this weekend. She will return after the holiday as Mrs Chalkley.

Girls in Maths Project

Last year, Miss Bagg and Miss Brand took part in a 'Girls in Maths' project led by maths adviser Tracey Sandhu from the Cambridgeshire Maths Team. Over the course of the year, they took part in six sessions, learning about ways to encourage and inspire girls in maths. At the end of the project, the teachers were asked to submit a write up of their targets, actions and findings along with some pictures for the Autumn edition of the Primary Mathematics journal. Our article was featured in the journal and one of our photos made it onto the cover!

Purple Class

Last week, Purple Class learnt about a Pre Historic diet. They cooked 'Stone Age Stew' and oat cakes. The oat cakes went down a treat and we were very impressed with the children's cooking skills, especially cutting the fruit and measuring the ingredients sensibly. We ended our mini topic with trying deer blood. The majority of the class tried it, even some of our other staff. Most actually quite liked the taste. After the tasting sessions the children were told it was only fruit juice.... Or was it??

Shout out to all parents!!

We are trying to add to our stock of story books in school. If you have any pre-loved story books that are in good condition, that you would be willing to donate to the school, we would be extremely grateful. Please could any donations be handed to the School Office. Many thanks for your support with this.

Woodland Working Group

Have you got a passion for the great outdoors? Are you interested in nature and all things green? Would you like to get involved with our woodland project?

The woodland working group will meet with Miss Monck regularly to get involved with important discussions around the woodland area project. They will have a say in new purchases, share ideas on how to improve the area, help to apply for grants towards the project and liaise with their classmates for further ideas.

If this is something that interests you, then please write a small paragraph about what skills you could bring to the project and why you would like to be part of it. Bring it to Miss Monck by Monday 30th October and we will vote on the successful applicants. There will be 2 children selected from each KS2 class.
