Week 11

Welcome to this week's newsletter. This week we all participated in our History day. This year we celebrated 100 years of Disney. The children carried out a variety of activities including Year 6 making flip cartoon books. They discussed how lengthy a process it would have taken to create the initial Disney films. Did you know it took 750 artists and 3 years to make the very first movie—Snow White and the Seven Dwarfs?

Today was our first session for parents to join us in the woodland area and thank you to all those that could attend.

Also, a big thank you for your donations of raffle prizes today for the Christmas Fayre.

Wishing you all a wonderful weekend.

Mrs Munday (Headteacher)

Blue Class Woodland Session

Last Friday, Blue Class enjoyed their first trip to the forest area. We thoroughly enjoyed meeting Woodland Julie and the children listened very well to her instructions about each activity. As it was also Children in Need on Friday, we started by making a Pudsey face using the yellow leaves from the forest floor. The children then enjoyed choosing from a range of activities including bug hunting, making chalk paints, threading leaves to make a leaf wreath, and making hedgehogs out of wood and clay. The children also learnt how to make bug snugs using the natural resources of the forest area. Everyone had a great time and we are looking forward to our next session

History Curriculum Day

On Wednesday 22nd November, the children took part in a History Curriculum Day based around the one hundred year anniversary of 'The Walt Disney Company'. During assembly, the children learnt a little bit about Walt Disney, the creation of Mickey Mouse, the creation of his first feature length film Snow White and the Seven Dwarfs, and the top ten grossing Disney animated films of all time.

In their classes, the children took part in a wide range of activities such as: making fact sheets about Walt Disney, creating their own cartoon characters, using iPads to animate their characters, creating flip books and collecting and presenting data about people's favourite Disney Films.

OUTDOOR LEARNING

Purple Class took their learning outside this week to utilise our wonderful woodland space.

To explore our Stone Age to Bronze Age topic we spent the afternoon trying to complete challenges using a range of natural resources and clay.

The children could choose a challenge of their choice and then worked in small groups to complete without adult support.

They worked well together using great communication skills as well as using their creativity and developing resilience.

The finished pieces were fantastic and they even made bows and arrows that actually worked!
