

Our OPAL Launch Success!

Our OPAL launch day was a HUGE success! We really started our new journey with a bang. Every child has been involved in some form of amazing play and this provision will now be available to our children everyday! We had dressing up, den building, mud kitchen play, wheeled toys and scooters, small world areas, a water station and a music wall, to name, but a few. The whole school just got stuck in and the atmosphere and vibe on our playground was just wonderful.

Some quotes from our children...

"This is way better than football!" Year 5 boy.

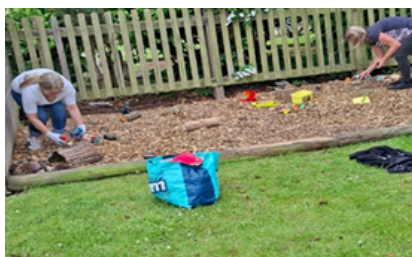

"That was the best lunchtime ever!" Year 3 girl.

"I don't want to leave!" Year 6 boy.

Our OPAL Launch Success!

Thank you to everyone involved. We have had so much help from many from our school community and it couldn't have happened without you. The amount of hard work behind the scenes, to make this happen, has been immense, so 'thank you so very much'.

"How amazing to see the children having so much fun today. It was like having a fun day and to know it's going to be like this every day is beyond words" - Play Team Member.

More updates and photos of amazing play are coming up in our newsletter later this week, so keep an eye out!
