

Welcome to This Week's Newsletter!

Welcome to this week's newsletter.

This half term has flown by, and I am proud of how our pupils have given their all to the start of a new school year. Their hard work and engagement have been a joy to see. Our new children, especially our Reception pupils, have settled in well and are embracing the beginning of their school journey.

This week began with a presentation to the whole school from Theo Marshall, who spoke about resilience and perseverance. He shared his journey through school, college and clubs, selection for training and on to being chosen by Leicester City to join their cricket team. We will all be watching with anticipation to see whether he goes on to play for England! I hope his story has inspired our children to persevere in their dreams, even when challenges arise. Our Year 3 and 4 pupils also took part in a wonderful Collaborative Learning Day around resilience with him. They interviewed Theo and learnt some new cricket skills. Next half term, our teachers will be planning many more wonderful learning experiences for your children, and we look forward to sharing them with you.

Throughout the week, it was a pleasure to see so many parents at parents' evening. It is always great to share your child's achievements and to work together to find ways to support their development in school.

This week we also said goodbye to our School Business Manager, Mrs Morley, who we will miss very much. Please join me in wishing her luck in her new position. Further updates on staffing will be released after the half term.

Please could you check over the half term that coats and uniform are clearly labelled with your child's name. We are beginning to receive a large number of unlabelled items in lost property again.

I hope you all have a wonderful half-term break, with time to relax with friends and family. Take this opportunity to rest, recharge and spend quality time together.

Mrs Munday, Headteacher

Awesome After School Clubs

Since we returned to school in September, Premier Education has been offering 4 themed after-school clubs each week, with Gymnastics, Arts and Crafts, Multisports and STEM Clubs to choose from. We are pleased to say that these clubs have been a real success, with lots of children attending and enjoying themselves each week.

Take a look below to see some of the great moments and cool creations from the clubs so far. We look forward to seeing all the fun things that they get up to next half term!

Symbols of Peace

Over recent weeks, our classes have been making some beautiful pieces of art, all centred around symbols of peace. Each class chose their own way to express the theme of peace, and we were blown away by some of the fantastic artwork that was created. The pieces will be displayed for Remembrance Day in St Peters from 1st to 16th of November. Here is a sneak peek of a few of the lovely pieces, we also encourage families to pop in and see the display in the church when it is up.

Oak Class Woodland Session

On Thursday afternoon Oak Class engaged in their outdoor learning opportunity in the forest area. The afternoon started with Mrs Riley sharing the traditional tale with the children of 'The Three Billy Goats Gruff'.

The children were then given the opportunity to apply their den-building, problem-solving and construction skills to build the troll's bridge and to recreate the village and the meadow using timber and natural resources. The children were also given an artistic opportunity to create their own Mandalas using leaves and leaf threading.

As always the children had access to the mud kitchen, which is always a firm favourite, where they created many delicious dishes using mud, water, flour, spices and peppers. Myself and Mrs Connell couldn't resist a visit to the mud kitchen for an afternoon snack!

Elder Class Woodland Session

On Wednesday, the children had their first forest session for this academic year. The session was an extremely wet one!! The children then had the opportunity to explore the forest and build witches' dens. Other activities on offer were to create pumpkin bird feeders, use flowers to create witches' potion and perfume and to cook witches' brew in the mud kitchen.

Collaborative Learning and Cricket with Theo

Years 3 and 4 learnt all about resilience during their collaborative learning this term.

They had a special visitor, Theo Marshall, to help them with their learning. Theo Marshall is a professional cricket player from Leicester cricket club and he held a special assembly with the whole school about determination and resilience. He also talked about his journey and gave many examples of how he has shown resilience and determination over the years in order to get his professional contract. He has overcome many obstacles and has never given up!

Years 3 and 4 then had the opportunity to interview him to gain a better understanding of who he is. He also showed them his cricket gear that he wears in matches and they had the opportunity to try some of it on. After that, they had such a fun session where he worked with them on determination and resilience when helping them to practise their own cricket skills and they finished off their morning with playing diamond cricket. Everyone showed excellent team work during the game, as well as lots of determination and resilience!

During lunchtime, the children could meet Theo and get a signed photo of him, which excited many pupils. After their morning with Theo, the children performed poetry on the theme of resilience and created their own acrostic poems. The work produced by all children was excellent. A very well done to all involved and a huge thank you to Theo for giving up his time to inspire us all.

Important Info and Reminders

Opal Donations

We are in the process of creating a quiet, calming space for children to read, do puzzles and relax, if they so wish, during OPAL lunchtimes. We hope that this will allow us to create even more amazing play opportunities for the children.

To support this project, we are in need of the following items, please.
Any donations can be brought to the school office.

- Cushions
- Twinkly lights – solar or battery
- Old curtains
- Rugs

Due to their huge popularity, we are also in need of didi cars, wheeled toys and pushchairs.

Greek Day Date Change

Please be reminded that the Oak Class Greek Day has moved to Monday 2nd of November, this is the first day back at school. Children are invited to dress up for the day.

Please, can any remaining payments be made and consents given before we return to school.
