Our Science topic is Animals (including Humans).

- Research what, in order to stay healthy, the body should and shouldn't receive to enable an extensive project, presented in a format of choice, to be created. Consider: nutrients – through a balanced diet - that are needed by the body and how these are used, the effects of exercise/lack of exercise on the body and the effects of drugs and alcohol upon the body. See the following relevant powerpoints, to aid research.
