

20th April 2020

Dear Parents/Carers,

I hope that you and your families are well, keeping safe and have enjoyed some of the sunny weather. It has continued to be a strange time for us all and I am missing you, the children and staff immensely.

The Easter break is now over and I am sure you have heard that we are still in lockdown for at least another 3 weeks. The Teachers and TAs have been working hard on creating more home learning. Due to working from home, the next set of work will not be provided as a hard copy or a large amount of sheets to be printed and completed. The staff have created a document with activities and web links related to the topic and concepts that they would be teaching your children if they were in school this half term. This work should take you up to the May half term. These are available today and can be found on the school website under 'Parents' – 'COVID' – 'Home Learning', then the appropriate class.

I appreciate that home learning can be difficult especially if you are also trying to work from home, but please remember that you are all doing a great job in very difficult times.

If you have managed to complete all the previous work – **You are doing a great job!**

If you have managed to do some of the work – **You are doing a great job!**

If you have looked at it with your child – **You are doing a great job!**

If you have spent time with your children: playing games, cooking, making things and involving them in daily tasks – **You are doing a great job!**

If you are keeping yourself and family home and safe – **You are doing a great job!**

On behalf of all the staff, I would like to thank you all for all your hard work and supporting your children; we couldn't be more proud.

I know that this is an extremely hard time for all, but we need to remember why we are doing this. Staying at home and distancing is essential for us to help save lives, protect ourselves and our children, our loved ones, the community and for us all to support the NHS through this very difficult and demanding time. We can do this if we all work together.

Looking forward to seeing you and your children soon.

Take care and keep safe.

Mrs Munday
Headteacher
